EXPERIENCE

INTERNSHIP AT PROJECT BOX, LDA. – VISEU PORTUGAL
2012-2013

Internship at Project Box where I solely designed and developed a web app for an electricity company.
This web app was based off of PHP4 and MySQL, with the front end developed with HTML, CSS and JavaScript.
It allowed the company's employees to access client information (based on their level of access), add new clients, modify the client's information and a myriad of other functions revolving around controlling the clients, the employees and the contracts' database.

PERSONAL EXPERIENCE
SEPTEMBER 2013-PRESENT

Self-training in Java, PHP5, HTML5, CSS3, Photoshop and Adobe Premiere Pro through online boot camps, thousands of hours of YouTube tutorials and several forums.

Hundreds of Photoshop jobs done through Fiverr.com as well as some website development.
